Sir:

On April 7, 2003 applicants filed a Supplemental Response to the Official Action of December 6, 2002 along with a Petition for Extension of Time for three months.

A recent search of the Patent Application Information Retrieval (PAIR) system revealed that a final rejection was mailed on October 21, 2003.

The undersigned registered patent attorney hereby states that no Official Actions, let alone a final rejection dated October 21, 2003 have been received from the United States Patent and Trademark Office (USPTO) after the filing of the April 7, 2003 Supplemental Response. Moreover, the

undersigned attorney hereby attests to the fact that a search of the file jacket and docket records confirms that no USPTO Official Action has been received following applicants' Supplemental Response of April 7, 2003.

Petitioner submits herewith as Exhibit A a copy of the docket record where the non-received Official Action would have been entered had it been received for the customary three-month due date. In addition, Petitioner also submits as Exhibit B a copy of the file jacket of the above-captioned application, which clearly reveals that no additional entry concerning an Official Action has been made thereon following the filing of the April 7, 2003 amendment.

In view of the above remarks, and Section 711.03(c) of the Manual of Patent Examining Procedure it is respectfully requested that:

- 1) The final rejection of October 21, 2003 be re-mailed to the undersigned attorney; and
- 2) The period for responding to such final rejection be restarted from the date of the new mailing.

Respectfully submitted,

YOUNG & THOMPSON
